👤 About Me

I recently graduated in Software Engineering from ESIEA Paris. I am motivated, adaptable, and open to both technical and non-technical job opportunities. I am available immediately and eager to work and learn.

⚙ Skills

Technical

- JavaScript, React, Vue, HTML, CSS, Tailwind
- Node.js, PHP, Python
- MySQL, NoSQL
- Git, GitHub, GitLab, Docker
- Agile methodology

Soft Skills

- Communication, Easy to integrate
- Adaptability & quick learner
- Teamwork & problem-solving
- Time management
- Reliable & motivated

🎓 Education

● **Engineering Degree: Computer Science**
ESIEA - Laval + ESIEA - Paris , France   08/2019 – 06/2025
Key courses: System Programming, Network Design, Application Architecture and Design, Database Management System, FullStack Development.
Graduated with *Mention Très Bien* (High Honors).

💼 Experience

● **Web Development Intern**
HDM Network   04/2023 – 08/2023
- Developed a task management module for the company dashboard
- Built front-end interfaces for a real estate rental platform
- Completed a VR game challenge using A-Frame (WebXR framework)
- Created a web scraping script as part of an internal challenge

● **Web Development Intern**
Medtrust Consulting   12/2024 – 06/2025
Project: Recruitment Web App – WorkIt
A WEB platform to manage job offers, candidates, and interview processes for internal HR use.
- Participated in the full application lifecycle: conception, development, testing, and deployment
- Developed back-end using NestJS, PostgreSQL, and JWT for secure authentication
- Built front-end with Vue.js and Tailwind CSS, focusing on responsive UI and smooth UX
- Wrote unit and integration tests; deployed application for internal use

⚙ Completed Projects

- Certification Web App – Institut De Savoir (PHP, 2024)
- City Trip Mapper (React.js, Mapbox API – 2024)
- CheckMyHTTPS – Browser extension & mobile app (2023)
- CMDB API (TypeScript – 2023)
- Full-Stack Counter Application (Vue.js – 2023)
- Minesweeper Clone (C – 2020)
- Student Grade Management App (HTML/CSS, JS, PHP – 2020)
- Football Quiz (Basic HTML/CSS/JS – 2019)

📖 Certifications

- Front End Development Libraries – FreeCodeCamp (Mar 2023)
- JavaScript Algorithms and Data Structures – FreeCodeCamp (Dec 2022)
- Responsive Web Design – FreeCodeCamp (Apr 2022)
- Create & Manage Cloud Resources – Google Qwiklabs (Apr 2022)
- CCNA: Introduction to Networks – Cisco Networking Academy (Dec 2021)
- CCNA: Switching, Routing & Wireless Essentials – Cisco Networking Academy (Dec 2021)
